

EUROCLIMA

Filtri abitacolo - Air cabin filters

L'elevata concentrazione di polveri, pollini e smog presenti nell'aria derivanti dai processi industriali e dai fenomeni naturali, possono essere causa di gravi problemi respiratori e generare allergie: utilizzando il filtro aria abitacolo antipolline **EUROCLIMA**, tutte queste sostanze dannose per l'organismo vengono filtrate e separate quasi completamente dall'aria, contribuendo così al benessere fisico dei passeggeri e del conducente della vettura.
